**A new resource for Kentucky adult educators ...  
Introducing KYAE TV!**

*The following e-mail was sent out via the KYAE-news listserv.*

Kentucky Adult Education is pleased to announce the launch of KYAE TV, a video series highlighting Kentucky adult educators' best practices.

This original series will highlight tools, valuable resources, instructional tips and words of wisdom.

View a two-minute introductory video about the series: <http://youtu.be/i1cv5wV-grI>.

The first video of the series highlights the use of SMART Boards; it runs for less than seven minutes. To see how they are being used in a couple of local programs, click here: <http://youtu.be/TWjO9mVwb6w>.

We hope you find this series to be useful. We would love to hear your feedback, as well as your ideas for future episodes.

Thank you!
