

October 13, 2016

The following was sent to the listserv.

Kudos to 23 KYAE programs

MORE GREAT NEWS!

There are 23 Kentucky Adult Education programs that, at the **end of the first quarter** of FY2017, **have reached 25% or more of their measurable skills gain goals** (in this report, measurable skills gains are only calculated by pre-test/post-test level gains). Based on this, the following programs are on pace to meet their year-end measurable skills gain goals:

- Boone
- Carroll
- Carter
- Casey
- Christian
- Crittenden
- Edmonson
- Elliott
- Grayson
- Green River Correctional Complex
- Lagrange Branch Campus, Kentucky State Reformatory
- Larue
- Logan
- Lyon
- Marion
- Mason
- Menifee
- Northpoint Training Center
- Simpson
- Taylor
- Todd
- Union
- Western Kentucky Correctional Complex

There is still plenty of time for ALL programs to reach (or exceed) their year-end goals, so keep striving.

Lastly, as a reminder, we will send the mid-year performance report to program directors and fiscal agent heads shortly after the new calendar year.

Thank you for your hard work!

Cody Davidson, Ph.D.

Director of Administrative Leadership for Kentucky Adult Education
Kentucky Council on Postsecondary Education
1024 Capital Center Dr., Suite 250
