Great News about KET FastForward licenses!

KET FastForward

Great news! Kentucky Adult Education Skills U has renewed access of the KET FastForward licenses for another year.

The renewal period runs from October 1, 2017, to September 30, 2018.

For those of you who not familiar with FastForward, it is a course management system that supplements instruction in the areas of mathematics, English, science, and social studies. The content is aligned with GED® test guidelines. Program directors who use KET FastForward have reported gains on the number of students passing GED® assessments. Adult learners report that the program is easy to use and helps them really learn the content.

Pam Callahan will be the new contact person for license allocations.

In the next few weeks, KYAE Skills U will be processing requests for new licenses.

If you did not already submit a request for more licenses in your county and would like to do so, please email her at pdcallahan@moreheadstate.edu.
