**Subject:** FOR YOUR STUDENTS - Recruitment/Retention Survey

Good afternoon!

We are constantly seeking new and better ways to recruit and retain students. We are taking it to the experts – the students themselves!

**Please have your students complete this 10-question survey by a week from tomorrow – Tuesday, November 28.**

<https://www.surveymonkey.com/r/studentNov17>

Please let them know how important it is that their voices be heard, and how much it will help us better serve them and any future Skills U students. Also, please let them know how much we appreciate them taking the time to complete it.

The survey is set up so that multiple surveys can be taken from the same computer. This survey is also mobile device-friendly.

I hope your students enjoy doing something a little bit different – and getting to share their thoughts.

Thank YOU so much for all that you do – and for helping ensure we get as much student feedback as possible! J

Missy
