The following was sent to the listserv.

## **IMPORTANT: TABE Online is moving!**

### **From Cody:**

**On September 13, TABE Online will be migrating to a totally new system.**

Beginning September 15, we and our partners (e.g., comprehensive one-stop centers, etc.) will have access to and be able to administer from this new site.

You will have access to the current TABE Online system for approximately two weeks after the migration. Please use these two weeks to finalize your program's transition to the new system.

**By October 1, you must be fully converted to the new TABE Online system.**

Over the next few weeks, we will be sending additional correspondence to help you begin preparing for this migration, including:

- Technical specs
- Link to training videos
- Information about upcoming live training webinar
- Access to a "sandbox," where you be able to "play" with the new system before you begin using it

Please keep your eyes open for these important emails – and prepare to transition to the new TABE Online system!
